

Before than in barrique, this Grappa matured in the heart and mind of our father, Toni. Distilled for the first time in 1989, only nine barriques per year are solely produced.

Eau-de-vie de marc of the most renowned Chateau Premier Grand Cru Pauillac (Medoc) - France, steam-distilled in small batches, aged 8 years in barrels of 225 liters produced by the cooperage of Château, half of them had contained first the wine of the Château itself.

Kind of distillate
