

POLI BASSANO 24 CARATI

Patiently aged in the underground cellars of the distillery, where there are nearly 4.000 225-litres oak barriques.

It represents a tribute to Bassano del Grappa, the capital of the most renowned Italian distillate.

The Poli Grappa Museum is located in Bassano del Grappa, facing the Ponte Vecchio (Old Bridge), symbol of the city, designed by the architect Andrea Palladio in the 16th Century.

BASSANO 24 CARATI (Cuvée of varieties of the Bassano del Grappa area)

Aged Grappa, 2 years in oak barrels, flowing-steam distilled.

Its aroma recalls a tray of cream puffs surrounded by cashew nuts.

Soft and sensual as a black panther.
