

# LAMPONI DI POLI (Raspberries)

The raspberries are harvested when they reach the highest aromatic peak.

The distillation takes place with Athanor, our bain-marie alembic built in 2000 as per the indications of "Liber de Arte Destillandi" by Hieronimus Brunschwyg, published in May 1500 in Strasburg.

The result is a fruit brandy of extraordinary intensity, to be enjoyed at cool temperature during summer nights.

## LAMPONI (Raspberries)

Fruit Brandy, traditional bain-marie distilled.

Its aroma recalls mixed berries juice with a pleasant alcohol base.

**Powerful and impetuous like a multicolour dragon.**
