

POLI ELISIR PRUGNA (Plum)

The Prunus Domestica plant produces a fruit called plum, whose juice is infused in alcohol and sugar.

The result is a liqueur with an intense almond aroma, perfect to enjoy straight or as correction in the coffee.

Absolutely not to miss the dried plums left to soak for a few days in Elisir Prugna, a real delicacy.

ELISIR PRUGNA (Plum)

Sweet Liqueur with natural infusion of plum juice.

Its aroma recalls a tray with plums, toasted almonds and fragrant amaretto cookies.
